MAYA FACTS

Like the Egyptians, the Mayas are well known for pyramids, which vary in shape depending on where they were built.

The Mayan religion centered around the worship of many nature gods.

They developed astronomy, calendar systems and writing.

A Sticky Situation

Did you know that chewing gum was first invented by the Mayans thousands of years ago?

They made the candy out of the sap of a local tree

Hot Chocolate!

Did you know that the Mayans also invented chocolate? It's made from the Cocoa bean and used to be drank from a gold cup!
